LT. COL. LOUIS H. NORLEY

I congratulate the members of Class 54-O upon the completion of the primary phase of pilot training.

You have, through sincere effort and application, now qualified yourselves for the next phase of the important training as members of the vital defense team of the United States and allied countries.

Our mission has been to inculcate in you the introductory principles of being an officer and a military pilot. If the hearty cooperation displayed at Greenville Air Force Base manifests itself in your subsequent phases of training, your objectives and the Air Force mission will be accomplished in consonance with the established standard.

I extend to each of you individually my sincere wishes for success in the future and hope that you personally have a feeling of a job well done.
